

## **Lesson Plans**

**Monday, April 13-Friday, April 17**

### **What are we learning this week?**

Students will be creating a “ playlist to their lives”- 5 songs that relate to their lives as a teenager.

### **Why are we learning this?**

For community building, it is important for students to understand the different tastes in music among a large group of their peers.

### **How do we know we are learning this?**

Students will submit a playlist through Google Docs about their favorite songs, and we will communicate about these songs at our weekly Zoom chat.

### **Instructions:**

1. Think of five songs that fulfill these categories:
  - A song you listen to to get you up and going
  - A song you can relax to
  - A song that you can relate to the lyrics
  - A song that makes you feel better
  - A song you couldn't live without
2. Find links to your songs on YouTube
3. Go to the following link to submit your answers. Be ready to explain why you added each song into your playlist. Make sure the songs you submit can be played for the whole class-AKA find clean versions of these songs. If a song is questionable, submit it and use good judgment. Please submit these by Friday, April 17 at noon.

### **Announcements:**

1. Please vote for the Monarch Men of the Year through Remind. If you do not have Remind, just send me an email. Send me the name of one person in Monarch Men that best exemplifies what the Monarch Men should be. Leadership, kindness, musical skill and understanding, and creating community can be involved in your selection of this person. Please submit these to me by Friday, April 17.
2. Auditions for Ardente Voce will be held in August when we return to school. You must be a junior or senior involved in Concert Choir to be considered for Ardente Voce.
3. If you are interested in auditioning for All State next year, (this should be a lot of you!), Mrs. L'Heureux will be sending out a OneDrive folder with some music and practice tracks very soon. I will send out links to that once she has sent them out.
4. We are going to host an online choir awards night at the beginning of next month to honor the incredible students from the past year. More information to come regarding that.
5. We are still waiting to evaluate what exactly to do with show choir auditions for next year. We will let you know soon.
